POLICY STATEMENT

ENLUTC recognises the importance of good fire safety practices to ensure the safety of all employees, students and visitors.

Therefore, it is imperative that all procedures are put in place, adhered to and constantly checked to ensure that all staff are aware of their responsibilities when a fire alarm is activated on any of its sites.

All users of the UTC site, staff, students and visitors have a duty of responsibility to report any potential fire hazards and to cooperate fully with the fire procedures to ensure the safe evacuation of all.

This policy has been referenced with HSE Safety at Work and HM Government Fire Safety.

INTRODUCTION

On hearing the fire alarm sound, **ALL** persons within the building must evacuate immediately with the exception of the Fire Officer, Fire Commanders and Reception.

The **Fire Assembly Points** are located on the waste ground across from the car park on Carlton Street. Each fire exit door has a route which leads to the assembly point and doors will automatically open on alarm.

All **employees**, students and visitors must be signed off and must only return to the building when instructed by the Fire Officer.

All **visitors** will be briefed on the fire alarm procedure but it is their responsibility to note their nearest fire exit.

Disabled refuges are based in each stairwell and users should wait to be attended to by fire officers. Lifts will not be in operation during evacuations.

Weekly tests will be carried out on the alarm systems and full evacuations will be held per term. Staff will be trained on the fire procedures at the start of their employment and all evacuations logged.

RESPONSIBILITIES

All employees should familiarise themselves with all the fire exits and escape routes from the college. Special attention should be paid to the evacuation route from their main teaching area.

All employees should be familiar with the location of fire-fighting equipment and the different types available. Fire extinguishers should only be used if trained to do so.
