

Dear parents/carers,

I hope you all had a restful Easter break and welcome to our very first remote summer term!

We've all had to adapt to new ways of working, and I wanted to take the chance to say what an amazing job you're doing supporting your child's wellbeing and learning during this time.

It's been a strange and challenging time and is understandable if you and your child feel anxious and frustrated. We're here for you every step of the way as we figure this all out together.

Remember, if you have any concerns about helping your child learn or you need any other support from the school, please let us know by emailing oncall@enlutc.co.uk. If your child has any issues at all, they should contact their form tutor by emailing them initial.surname@enlutc.co.uk so we can help.

We miss having the pupils in school, but we must continue to follow the government's guidance to keep everyone in our community safe. We're carrying on with our online learning which students access through the website, daily registration with tutors via email and our emergency college provision which runs on a Tuesday, Wednesday and Friday 10-3pm for vulnerable children or children of key workers who cannot stay at home safely. If you need to book the emergency provision just email oncall@enlutc.co.uk and we will send you a booking form.

Our teachers will be setting plenty of tasks for pupils to get stuck into over the summer term. Do remind your child to take breaks away from screens as well and make time for having fun and connecting with friends and family.

There have been some great online resources launched over the last couple weeks to help families make it easier for home learning.

- Oak National Academy have launched online lessons and resources which are free for all children to access ranging from reception to year 10, they can be accessed here <https://www.thenational.academy/>
- BBC Bitesize have launched an education package across TV and online, featuring celebrities and teachers, helping to keep children learning at home and support parents, it can be accessed here <https://www.bbc.co.uk/bitesize>

While we can't say yet when we'll be able to open the school fully, rest assured that we'll continue doing our utmost to keep pupils learning and the school connected.

Warm regards,

Anesta McCullagh

Acting Principal
